After threshold and scoring review, IHCD staff may contact an applicant to request clarification of information contained in the pending application. The applicant will have the opportunity to respond on or before the due date provided by IHCD. If the applicant does not respond to the clarification letter and therefore threshold and/or scoring item(s) are still in question, the application will be disqualified. Applications may have no more than three outstanding threshold and/or scoring clarifications after the second review or the application will be disqualified. Points will be awarded to those applications where no clarifications are required.

Funded applications will be announced at the published IHCD Board Meeting date. Applications that are not funded will be notified by IHCD via a denial letter and score sheets being uploaded to the FTP site by the close of business on the day of the Board Meeting. Applications not funded will not be rolled over into the next funding round.

Minimum Score Requirement

An application must score at least 70 points to be considered for funding.

Scoring

If an application meets all applicable requirements, it will be evaluated and scored based on:

Scoring Category	Points Possible
Project Characteristics	50
Readiness	10
Capacity	30
Financing	10
Completeness Bonus	5
Total Possible Points	105

When there is a scoring criteria based on the county being served and there are multiple counties, the applicant should add up the scores from each county and average them, rounding to the nearest whole number.

Project Characteristics **Category Maximum Points Possible: 50**

This scoring category describes the proposed OOR project. There are 50 total possible points for this scoring category. The points can be achieved through the following sub-categories: Constituency Served, Targeted Population, Comprehensive Community Development, and Services.

1) *Constituency Served*

Maximum Number of Points: 8

If the development commits to serving beneficiaries in IHCD-assisted units with maximum incomes lower than required by the CDBG program and maintains housing costs at affordable rates, points will be awarded in accordance with the following chart. Percentages are of the area median income (AMI) for the county in which the development is to be located. Awarded recipients will be held to the unit commitment in their award agreement. Changes to the AMI levels will require prior IHCD approval.

Constituency Served	Points
20% of Population served at or below 40% AMI	8

2) *Targeted Populations*

Maximum Number of Points: 20

Points will be awarded to applicants that target populations with special housing needs in accordance with the following charts. A project may address up to two types of populations in one OOR project and therefore may receive points from more than one chart. Details of the target populations can be found within this section. Specific definitions can be found in the Glossary.

Target Population: Aging in Place	Points
100% of Population served 55 and Older and/or Disabled	20
50% - 99% of Population served 55 and Older and/or Disabled	10
Below 50% of Population served 55 and Older and/or Disabled	0

Aging in Place (AIP) refers to making our living environment safe and adaptable so that everyone can remain independent and continue to thrive in their homes and community even as

circumstances change. Therefore AIP not only refers to elderly persons but also to persons with physical and mental disabilities.

In order to receive points for AIP OOR projects must satisfy the following criteria:

- Households will qualify for the AIP target population if there is at least one elderly person living in the home or if there is at least one physically or mentally disabled person living in the home.
- The modifications made to the home with IHCD A OOR funding must be for accessibility, livability, and visitability.
 - Submit a narrative explaining the specific proposed OOR improvements for the AIP project and how these improvements will enhance accessibility, livability and visitability. Attach in Tab I.

Target Population: Families with Children	Points
100% of Population served is Families with Children	15
50% - 99% of Population served is Families with Children	10
Below 50% of Population served is Families with Children	0

3) *Comprehensive Community Development*

Maximum Number of Points: 10

Points will be awarded to applicants whose projects contribute to the revitalization of existing areas. Points will be awarded based on the chart below.

Comprehensive Community Development	Points
An explanation of how this project is part of a larger revitalization effort.	1
Evidence that this project is part of a comprehensive revitalization or development plan.	5
The OOR project is located in a targeted area.	1
Adoption of the plan by a Local Unit of Government.	2
A letter from the highest elected local official certifying that the OOR project will assist in the revitalization of the specific neighborhood or area.	1

OOR projects with a Comprehensive Community Development focus are a part of a broader, more comprehensive approach to area improvement. These projects have the capability of contributing to fundamental change to the character of a targeted area. Further explanation of the points categories are explained:

In order to receive points under the Comprehensive Community Development scoring sub-category, the applicant must submit the following in Tab I:

- An explanation of how this project is part of a larger revitalization effort should be explained in the Narrative and Need section of the application. You should include information regarding target size, a plan, the efforts already completed or underway, local support for this and other projects in the revitalization efforts, funding commitments, what is the intended impact and how impact will be measured, etc.

- Evidence that this project is part of a comprehensive revitalization or development plan. Ideally this will be a comprehensive or revitalization plan for the town/city where the project is located. The plan must be no older than five years and should include: (a) a target area, (b) detailed policy goals, which must include the rehabilitation of owner-occupied homes, (c) implementation measures along with specific, current, and ongoing time frames for the achievement of such policies and housing activities, (d) an evaluation of current area conditions.
 - Submit the following as supporting documentation for the plan::
 - Copy of the entire plan;
 - A short narrative about the efforts that lead to the creation of the plan and how the need for owner-occupied rehabilitation was identified as an area need to be included in the plan;
 - A bulleted list that includes page numbers of where to find:
 - References to the need for affordable owner-occupied rehabilitation in the project target area
 - An evaluation of current area conditions
 - Public participation

The following will not be considered for points as eligible plans for this category: short-term work plans, consolidated plans, municipal zoning plans, or land use plans, plans that are older than five years old and plans that do not reflect the current target area conditions.

- Target Area - Submit a scaled map that includes the project area boundaries and the specific OOR sites with a map key labeling the site addresses. Clearly label the boundaries and indicate the size of the target area. Attach in Tab I.
- Evidence of Adoption - Submit a copy of the resolution by the Local Unit of government adopting the plan. Attach in Tab I.
- Local Support – Submit a letter from the highest elected local official certifying that the OOR project will assist in the revitalization of the specific neighborhood or area. Attach in Tab I.

Glossary of Terms

Below are definitions for commonly used terminology found throughout the IHCD A CDBG OOR application policy and forms and applicable to the IHCD A CDBG OOR program.

Administrator: A procured entity that will assist carrying out the CDBG OOR program.

Area Agency on Aging: Area Agencies on Aging (AAAs) deliver services to older adults and people with disabilities of any age and their caregivers. They provide Information about resources and service providers, assess needs for service, make referrals to case managers, link to services, monitor consumer satisfaction and adjust services to meet changing needs. Learn more on their association website at www.iaaa.org

Aging in Place: Making a living environment safe and adaptable so that everyone can remain independent and continue to thrive in their homes and community even as circumstances change.

Beneficiary: The household or unit that received homeowner repair work as a result of the CDBG OOR grant.

CAPS: Certified Aging in Place Specialist (CAPS) is a certification offered by the National Association of Home Builders (NAHB). As defined by the NAHB: The CAPS designation program teaches the technical, business management, and customer service skills essential to competing in the fastest growing segment of the residential remodeling industry: home modifications for the aging-in-place. More information is available on NAHB's website at www.nahb.org.

CDBG: The Community Development Block Grant (CDBG) program is a federally funded program that provides states and communities with resources to address a wide range of unique community development needs. The CDBG program provides annual grants on a formula basis to 1209 general units of local government and States. The Indiana Housing and Community Development Authority (IHCD A) is a State Administered CDBG program. The IHCD A allocates awards in the form of grants to Local Units of Government that carry out CDBG OOR projects.

Children: Children are defined as those persons ages 18 years of age or younger. The child must reside in the home that will benefit from the OOR program.

Comprehensive Community Development: Every community strives to be a place where people choose to live, work, and play. Comprehensive development means that a community's potential lies in the identification and creation of a shared vision, planned by local leadership, and carried out by an array of partners. When successful, it yields results beyond what can be achieved by individual organizations or disparate programs because of the unique synergy they generate. A thriving community is a community with job opportunities, strong schools, safe neighborhoods, a full range of housing choices, and a vibrant culture. Comprehensive development marshals resources and deploys coordinated strategies in a concentrated area to create opportunities for others in the community to take prudent risks and reap the rewards. The demolition of blighted structures, the rehabilitation of long-vacant housing and the creation of new community amenities and retail opportunities serve as a tipping point for future development through market forces.

Disabled: The Fair Housing Act defines disability as a person who has/is:

- A physical or mental impairment which substantially limits one or more of such person's major life activities; or
- A record of having such an impairment; or
- Is regarded as having such an impairment, but such term does not include current, illegal use of or addiction to a controlled substance (as defined in section 102 of the Controlled Substances Act).

Elderly: A person 55 years of age or older. This target population category also includes families with a person living in their home that is 55 years of age or older and modifications to the home are needed so this person may age in place in the home benefitting from the OOR program with the family.

Energize Indiana: Energizing Indiana is a united effort by the Indiana Office of Utility Consumer Counselor (OUCC), participating utilities, and consumer organizations to offer comprehensive energy efficiency programs that bring savings to communities across the state. With programs for homes, schools, businesses and commercial facilities, Energizing Indiana provides the education and tools you need to improve efficiency and conserve energy. Learn more about this effort on their website at www.energizingindiana.com

Entitlement Community: The CDBG entitlement program allocates annual grants to larger cities and urban counties to develop viable communities by providing decent housing, a suitable living environment, and opportunities to expand economic opportunities, principally for low- and moderate-income persons.

IHCDA: Indiana Housing and Community Development Authority

Income Limits: Maximum incomes as published by HUD for projects giving the maximum Income Limits per unit for beneficiary (30%, 40%, 50%, 60% and 80% of median) units.

Inspection: A scheduled visit made by an Inspector to the households units that received IHCDA CDBG OOR grant dollars. All IHCDA-assisted households/units that have received CDBG and CDBG-D must be inspected twice during the award period. The first inspection will occur at the completion of the documented scope of work and prior to the IHCDA Inspector's final physical inspection. The second inspection will be conducted upon completion of the construction for the award. The IHCDA Inspector will conduct the physical inspections.

Median Income: A determination made through statistical methods establishing a middle point for determining Income Limits. Median is the amount that divides the distribution into two equal groups, one group having income above the median and one group having income below the median.

MOU: A Memorandum of Understanding (MOU) is a document describing a bilateral or multilateral agreement between two or more parties.

Narrative: A written description by the applicant that describes the application question and generally supports the need of the project.

OOR: Owner-Occupied Rehabilitation

Project: The CDBG OOR activity proposed in the application.

Form B: Homeowner Investment Plan Service Agreement

HOMEOWNER INVESTMENT PLAN SERVICE AGREEMENT

This agreement between (Applicant and Administrator (if applicable))_____, _____, and (Service Provider/Agent/Organization)_____, is to confirm the activities and/or incentives offered to beneficiaries of (CDBG OOR project name)_____. The Applicant/Administrator agrees that in partnering with the Service Provider/Agent/Organization, programs should be offered that are tailored to meet the needs of the beneficiary homeowners in an effort to encourage homeowners to invest in themselves, their home, and the overall well-being of the neighborhood and/or community.

It is agreed by all signing parties that the Homeowner Investment Plan **adds no extra cost to the homeowner or the overall CDBG OOR project budget.** It is understood that some classes/activities offered might require a maintenance fee and it is up to the sole discretion of the beneficiary homeowner to engage in that activity, service and/or incentive. That fee must be minimal. The Homeowner Investment Plan Services may target beneficiary homeowners of the CDBG OOR project but **must be optional and the repairs made to the beneficiary home/unit must not be contingent upon participating in the activities, services and/or incentives offered.**

The Applicant and/or Administrator also agree to fill out the Form A: Homeowner Investment Plan Matrix, and attach the form to this agreement, listing the services that will be offered to the beneficiary homeowners, a brief description of the service, where the service is being offered and the level of the service.

This agreement and the services offered and listed on the Form A: Homeowner Investment Plan Matrix shall remain in effect for the life of the IHCD CDBG OOR award. The Applicant/Administrator will be responsible for maintaining all services for the life of the IHCD CDBG OOR (even if the Applicant/Administrator is required to find a different provider who will provide the same or comparable services to benefit the residents). In the event that a different provider is needed, the Applicant/Administrator will request approval for the change via a modification request to IHCD.

Form C: Owner Occupied Repair Rehabilitation Priority List

Determining the scope of work for Owner Occupied Repair:

The primary purpose of any rehabilitation using IHCD resources is to improve quality of life for the resident and enable them to stay in their home. Following is a priority list of eligible repairs. Items should be addressed in this order and/or deemed “not applicable” before moving onto the next item. Eligible activities are not limited to this list but if not already noted actions must be assessed for where they fall in with priorities.

Items should be addressed in order of *Health and Safety* first, *Structural stabilization* second, then matters related to *Aging in Place* (where items do not fall under health and safety) and finally *Energy Efficiency* improvements.

IHCDA will **NOT** approve replacement of decorative items/finishes (e.g. Siding, cabinets, moldings, floor or wall coverings) that are being addressed for cosmetic reasons. If an item is damaged and is unusable, or poses a hazard (such as lead paint) they may be repaired or possibly replaced. However, applicants may be required to show documentation demonstrating conditions and need.

Furthermore, windows and doors will **NOT** be replaced solely for increasing energy efficiency. Improvements can be made to existing doors and windows to increase efficiency such as storm doors, storm windows and air sealing. If the existing doors or windows are damaged beyond repair and pose a security risk or have deteriorated to the extent that encapsulation is not an effective means of controlling lead based paint hazards, then the item may be replaced. Once again though, the applicant may be required to show documentation demonstrating condition and need.

The attached priority list should be used when evaluating a home for repair and is required to be submitted with the Environmental Review site specific documentation. The list will be reviewed again during the final inspection.
